Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A customer/end user looking for quick answers to frequently asked questions.	Find accurate answers to my questions quickly.	It can be difficult and time-consuming to find the right information from existing FAQs.	FAQs may be difficult to search and relevant information may not be easily available.	Frustrated and dependent on customer support.
