Project Name	AI FAQ Assistant API
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1 User Registration & Login	Stage 2 FAQ Management & Search	Stage 3 AI FAQ Generation
Actions <i>What does the customer do?</i>	- Registers a new user - Logs in to the system - Provides login credentials	- Creates FAQs - Reads/retrieves FAQs - Updates or deletes FAQs - Searches FAQs	- Sends a request to generate FAQ content - Provides FAQ prompt/content - Receives AI-generated FAQ
Touchpoint <i>What part of the service do they interact with?</i>	- Registration API - Login API - JWT authentication	- FAQ API - FAQ search API - Protected FAQ routes	- AI FAQ generation API - Google Gemini AI service
Customer Thought <i>What is the customer thinking?</i>	Not specified in the project documentation.	Not specified in the project documentation.	Not specified in the project documentation.

Customer Feeling <i>What is the customer feeling?</i>	Not specified in the project documentation.	Not specified in the project documentation.	Not specified in the project documentation.
---	---	---	---

Process Ownership <i>Who is in the lead on this?</i>	Authentication process Team Leader & Backend Developer	FAQ management/search process Team Leader & Backend Developer	FAQ management/search process Team Leader & Backend Developer
Opportunities <i>How can we improve this stage?</i>	• Improve authentication handling • Strengthen validation and error handling	• Improve semantic search and result ranking • Add pagination and analytics	• Expand AI-based customer-support features • Deploy the API to a cloud platform
